### Getting real at WCSFP

Deepfake technology can turn your view of reality upside down.

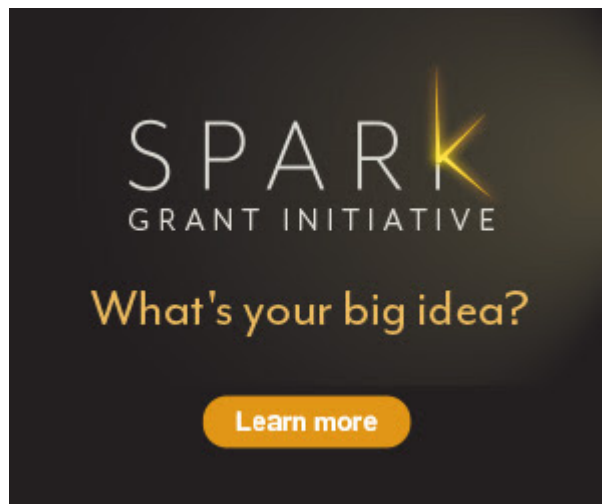

## Wiley Science Talks

What are the implications for engineering as scientific information moves to open access platforms?

## Marking a milestone

An iconic international news service marks two decades with a deep dive into the lives of its correspondents.

**Meet our Members:  
Patrick Kahondwa**

A science journalist in the Democratic Republic of Congo, Patrick regards science stores a way of broadcasting information not generally found on mainstream media.

**Meet our Members:  
Aimable Twahirwa**

A key part of Aimable's work as a science journalist in Rwanda is ensuring accuracy and accessibility, so that audiences get the right information and can understand it.
